

ASBESTOS ABATEMENT REGULATIONS 2020

Is Your Business Compliant?

Overview

Do you know where all your asbestos sources are within your building or premises? Are all these sources labeled for easy identification? The new 'Asbestos Abatement Regulations' gazetted on 10 November 2020 requires you to.

Askham Consulting is a SANAS Accredited Inspection Body and Department of Employment & Labour Approved Inspection Authority (AIA) for Asbestos. Let us help you fulfill your compliance requirements so you can focus on your core business activities.
